Of this year's sideshow attractions, Ozzy joked, "We're gonna give free colonoscopies," a reference to Sharon's bout with cancer. So why is Manson returning? "It's physical, it's sweaty, it's ugly," he said. "You got the Osbourne kids going to strip bars with me, and you got Kelly shitting in bags." Prada bags, no doubt. *Reported by Carrie Borzillo-Vrenna*
