

# SHUT UP

## KELLY OSBOURNE

Disco: *Shut up.*

Autores: Osbourne/Powerpack.

You say,  
I should do it differently.  
I don't,  
necessarily agree.  
stand up!  
sit down!  
se nice!  
did ya hear me ask for your advice?

Don't bother,  
trying to tell me your beliefs,  
your point of veiw is pretty straight to me.  
do this!  
do that!  
on track!  
do me a favor and don't talk back!

Coro.  
Round and round,  
but the conversation always ends where  
it began.  
round and round,  
and I need a vacation.  
my god,  
I've had it from you!

Shut up!  
Don't want to hear your voice.  
Shut up!  
I'm sick of all the noise.  
There's nothing you can say to me,  
So get away from me.  
Shut up!

Blah, blah, blah blah, blah blah, blah blah.

That's what,  
it sounds like you said to me.

you nag and you brag and I gag,  
there's so much beauty in what we  
have.

You must,  
have better things that you can do.  
or just,  
love all around me too.  
what you want,  
what I need.  
Oh please!  
I think you get off,  
on hearing yourself speak.

Coro.

Don't want to be polite.  
it's messed up,  
how you always think you're right.  
there's nothing you can say,  
that's gonna change the way I am.  
Shut up!

Coro.

Don't want to be polite.  
it's messed up,  
how you always think you're right.  
there's nothing you can say,  
that's gonna change the way I am.  
Shut up!

### Rebelde sin causa

Si hay alguien que sabe de moda, es Kelly Osbourne, quien siempre basa su look en los accesorios y los detalles. En esta ocasión los combinó perfectamente para darles su toque personal y quitarles lo serio y lo común a su top y a su falda negra.

### A FAVOR

Esta jovencita de 17 años nunca se imaginó el fenómeno que iba a ser. Además, dividió la historia del rock en dos ya que es la única rockera rellenita. Su versión de "Papa Don't Preach", popularizada por Madonna en los 80's, tiene una gran fuerza rockera incluida, quizás por la presencia de los músicos de la banda Incubus. El hit fue tal, que ahora la gordita de la familia Osbourne lanza mundialmente su nuevo CD "Shut Up" (Cállate), con el que sin duda le callará la boca a más de una de esas rockeritas de medio pelo.

### EN CONTRA

Hacer un cover de una cantante tan sagrada como Madonna. Muchos de los fans de la diva están que la matan. Pero la perdonan, ya que el cover sólo tenía la finalidad de sonar para el soundtrack del show "The Osbournes" y no en las emisoras.
