# 'I KNOW WHO MY GIRL SHOULD DATE'

**K**elly Osbourne may be the new single girl about town, but her mum Sharon says she's fighting off the men.

'When she sang in the Pussycat Dolls' show at the Viper Room in LA recently, there was a string of hot guys waiting around for her after the gig,' *Love it!*'s agony aunt giggles.

'It's great to see because she's only 25 and this is exactly what should be happening right now in her life. She's too young to be tied down.'

'Kelly should date different men and get it out of her system before she's in her thirties. I always tell her: "Have a taste of everyone and see who you like the best."'

### A mother's approval

Kelly was engaged to 20-year-old model Luke Worrall, but she ditched him in July after problems in their relationship.

'We bet he's gutted now she's looking even more gorgeous, but there's no way he'll win her back. In fact, Sharon tells us he's not the only man who's off the menu for the newly confident Kelly.'

'I wouldn't want her to date Ashley Cole – or any England footballers for that matter,' she says.

'When it comes to playing away, they're worse than rockstars. The public idolise them and they're just spoiled. They're pigs.'

No wonder Sharon's so protective over her precious princess. With the recent revelations that even Manchester United star Wayne Rooney cheated on his then pregnant wife, Coleen, with a hooker, she's right to be put off.

So who does Sharon think would be the perfect guy for Kelly?

'A famous actor,' Sharon smiles.

'*Twilight*'s Taylor Lautner would be a great match.'

Good job she's not fussy then! Yet

with Kelly's sexy hot bod, she must have her pick of the best blokes.

What's more, Kelly's new look is for keeps as Sharon reveals she's abandoned fad diets and silly gimmicks in favour of regular exercise.

'She looks absolutely fantastic,' Sharon says proudly.

'She's working out at the gym for an hour five days a week, and she's stopped having all those fizzy drinks, which she loves.'

'Because she's exercising, she can still eat what she wants, within reason. I just spoke to her and she said she was absolutely starving so she made herself a pizza.'

'Kelly loves running on the treadmill. I have one, too, but I use it to hang my clothes on – I never switch it on!'

But Kelly does have her mum to thank for her gorgeous skin and youthful good looks.

'I've always taught my girls to take care of their skin. Kelly is blessed because hers is naturally good and, on top of that, she never goes out in the sun,' Sharon reveals.

'She makes sure she drinks lots of water and always takes her make-up off at night – no matter what time she gets in.'

It sounds as though we could all learn a thing or two from Kelly. She's a real inspiration to heartbroken ladies everywhere. ■
